

## To whom it may concern

We, **HUMAN Gesellschaft für Biochemica und Diagnostica mbH (HUMAN GmbH)**, headquartered in **Max-Planck-Ring 21, 65205 Wiesbaden, Germany**, who are official manufacturers of diagnostic products, having factories at **Stegelitzer Str. 3, 39126 Magdeburg, Germany**

do hereby confirm that the new Bluestar OBTI is manufactured at the same production site as the original product with the product name Hexagon OBTI. Our production site in China applies the same high quality standards in the production process as before. According to the IVD Directive every manufacturer is obliged to declare the country of origin, based on the major part of the production.

Due to legal and strategic reasons, it was decided to market the product under the new brand name Bluestar OBTI.

**HUMAN Gesellschaft für Biochemica und Diagnostica mbH**
